Later some quotations were slightly higher, 4.32 being the figure quoted by several sources, but it was admitted that there is nothing definite yet about what is being done and what progress is being made toward overcoming this serious handican to business with the export outsidok, wires from New Orleans said it was reported there that freight room for about 25,000 bales for August-September shipment to Germany had been booked but there is still a terrific bandicap to business in that direction. GRAIN MARKETS

Largely on Another Rise in Hog Prices.

CHICAGO, July 22—New upturns which took place today in the value of corn, resulted largely from the fact that hog prices had again risen to the record level, \$22 a hundredweight. On the bulges, however, profit-taking sales increased. Opening quotations, which ranged from the same as yesterday's finish to 1½ cents higher, with September \$1.93 to \$1.94, and December \$1.63 to \$1.63%, were followed by decided gains all around and then a general reaction.

Short covering was much in evidence later and the Decembed delivery ascended to about the best price of the season. The close was strong, 1% 50 1% net higher, with September \$1.94% \$1.95 and December \$1.65% \$1.65%.

Outs were relatively weak because of hedging pressure and on account of absence of export buying. After opening three-eights to seven-eights cent up, tachning September at 80% to 81 cents, the market hardened a little more, but then receded temporarily to below yesterday's finish.

Provisiona reflected the strength of hogs and corn.

The close was at virtually the topmost point of the day.

TRAINED BY AMERICANS

PARIS, July 22.—Half a million Russians in Germany who formerly were prisoners of war have been lifted out of despondency within the last four months, partly by a course of training in American spirit, said Maj. James A. Babbitt, of Philadelphia, when he returned recently from Germany on his way to the United States.

Maj. Babbitt is a professor in Haversford college and a member of the American football rules' committee. He was chief of the bureau of medical and surgical relief for the American Red Cross in Germany and visited nearly all the camps where Russian prisoners were interned.

New Orieans—Weather map indicates generally fair in north central part of the belt and Tennessee for a couple of days, but will continue in South Texas and Oklahoma and the Atlantic coast. Then will come another spell of rainy weather, which I expect to set in over the west.—Kaplin, of Clark & Co.

New Orleans—It has veen very nervous market so far. Just now ring traders are running it up on prospects of more rain for South Texas, where farmers say the weevil will eat the crop up unless the weather turns hot and dry—Shepard & Gluck.

New Orleans—The marine strike looks wirse than ever and dispatches say that the walkout men aboard arilroad owned tugs may involve railroad employes. Freight brokers report the booking in this market of 20,000 bales of cotton room for Bremen. Yesterday 10,000 bales of room were booked. These are the first Bremen shipments since early in the war.—Shepard & Gluck.
